

# Our customers demand world class products and value added services.

At KOBELCO, we deliver both!!

When it comes to breadth of product line, quality and performance, KOBELCO is recognized globally as the industry-leading manufacturer of tire and rubber processing equipment. But today, customers are looking for after sale value. KOBELCO's people deliver with turn-key

equipment installation, 24-hour hotline and emergency breakdown service, fast parts delivery, training and technical support, complete rebuild capabilities and advanced in-house demonstration facilities.

**No one works harder for your business than KOBELCO!**
